## DIVIDED SPOILS.

### No Changes in New York Fight.

### Primaries in Metropolis Do Not Indicate Results of Final Contest.

### Roosevelt and Old Guard Each Get Share of Delegates.

### Committee Barnes Predicts Colonel Will Lose at Convention.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Sept. 13.—Primaries held throughout New York City today showed the relative positions of Theodore Roosevelt and the "Old Guard," who are fighting for control of the coming Republican State Convention, to be practically unchanged.

Roosevelt will have the support of the entire delegation from New York county, numbering 190, while his opponents claim 100 of the 142 delegates in Kings; twenty-four in Queens, and eight in Richmond county.

There were unsuccessful contests, backed by the "Old Guard" leaders, in several districts in New York county, while in Kings the friends of Col. Roosevelt endeavored to capture some of the districts controlled by Chairman Woodruff of the State Committee, but without result.

Mr. Woodruff had expected to lose four districts in Kings, in which the leaders are recognized as insurgents, but he won in all the others.

As soon as results were known at Republican State headquarters tonight, the State chairman issued the following statement:

"The returns from the primaries in Kings county show that while the districts controlled by Naval Officer Kracker, Postmaster Verbis, Congressman Calder and Senator Travis, have 34 delegates out of a total of 142, the other 108 delegates are in the hands of the Roosevelt supporters."

The returns from New York county indicate that one State committee, Harry W. Mack, has lost his place in the State Committee, and that a number of the delegates to the State Convention will support the State Committee in the position which it has taken in the matter of temporary chairman.

Mr. Woodruff also claims the delegates from Richmond and Queens.

CONFLICT OF OPINIONS. Although Chairman Woodruff says that he indicates that a number of New York county delegates will support Vice-President Sherman, the Roosevelt forces, headed by County Chairman Lloyd C. Griscom, claim the delegation will support the colonel almost to a man.

They also count on the support of the Richmond delegation, although John Timlin, Jr., Republican leader in the county, who acted as proxy for George W. Cronwell at the recent State Republican Committee meeting, voted against Mr. Roosevelt for temporary chairman.

State Committee member William Barnes, Jr., of Albany, who has been cooperating with State Chairman Woodruff in directing the "Old Guard" fight, issued a statement tonight characterizing Col. Roosevelt as "the most dangerous foe to the world of business and labor in the United States."

The statement, in part, follows: "Some of the men who are urging Mr. Roosevelt's candidacy for temporary chairman of the convention against Vice-President Sherman, have little idea of the rising tide of popular disapproval which Mr. Roosevelt's speeches in the West have caused."

"His assumption of power is looked upon with wonderment. His ability to arouse the passions of the mob is dreaded in every quarter of the State and every day the menace of his political ascendancy to business and labor is more appreciated."

"I do not believe that his name will ever be presented to the convention. If it is, it will be certainly be voted down."

LEGAL TEST.

## JUSTIFICATION TO BE DEFENSE OF PACKERS.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Sept. 13.—Seven of the ten officials of Chicago packing companies indicted yesterday by a Federal grand jury for violation of the Sherman anti-trust law, appeared in the Federal court today and gave bail for their appearance. Each defendant was obliged to furnish three bonds for \$10,000 each.

The three men who did not furnish bail are Louis F. Swift, president of Swift & Co., who is in Europe; Thomas J. Conners, superintendent of Armour & Co., who is now returning from Europe; and Francis A. Fowler, department manager of Swift & Co., who is ill.

## EVEN BRYAN IS CHEERED.

Says He's "Very Much Pleased" That "We Elected" so Much in Maine.

(ASSOCIATED PRESS NIGHT REPORT.)

LINCOLN (Me.) Sept. 13.—Regarding the Maine election, William J. Bryan said today: "I am very much pleased to learn of the Democratic victory in Maine. The fact that we elected two out of four Congressmen, as well as Governor and Legislature, gives it a national significance which it would not have if it were merely a victory for State offices."

"Taken with the returns from Vermont, it indicates that the revolt against the Republican party is as pronounced in the East as in the West, and would seem to make it certain that there will be a Democratic majority in the next Congress."

down in the cause of true Republicanism, as that the convention will convene.

"Thoughtful men all over the State are aroused to the regrettable fact that Mr. Roosevelt is today the most dangerous foe to the world of business and labor in the United States."

"They hope with earnest solicitude that the Republican party in this State will not, in its convention, permit him to be the arbitrator of its policies and the mentor of its thought."

Congressman, in Only Speech of Campaign, Tells of Lawless Expenditure of People's Money by Forest Bureau Under Former Chief—Single Short Word Omitted.

(BY DIRECT WIRE TO THE TIMES.)

ROCHESTER (Minn.) Sept. 13.—(Exclusive Dispatch.) Congressman James A. Tawney, in his speech at Rochester, Minn., tonight, the only speech made by him during the primary campaign, answered charges brought against him by Clifford Pinchot before one of the largest crowds that ever heard a political speech in the First District. He said:

"I am certain that none of us at heart believes in government expenditure by executive choice and discretion and stood between him and his lawless expenditure of the people's money."

"A distinguished United States Senator has recently said that the expenditures of the forest bureau under Mr. Pinchot, when critically examined, will show a shocking waste of public funds which ever occurred in the history of the government."

A few nights ago Pinchot told me he believed that if there was any one thing the people had a right to know, it was to know what their money is being spent for. I heartily agree with him, and I want to say that to one who is at all familiar with Mr. Pinchot's methods of conducting forest business, the people's money is being wasted in a shocking manner."

Knowing Mr. Pinchot as I have, and having had the highest respect for him as a man, I hesitate to characterize this statement in language which ordinarily would be used, or by a single short word."

BULL CHARGES AUTOMOBILE. NEWARK (N. J.) Sept. 13.—Maj. N. H. Hopkins of Branchville, N. J., the first man on record to officiate at an encounter between an automobile and a bull. The Mayor was driving his new car, which is painted a bright crimson, on the road to Hamburg a few days ago, when a bull essayed to cut him off. The Mayor was driving his new car, which is painted a bright crimson, on the road to Hamburg a few days ago, when a bull essayed to cut him off.

The bull charged head-on and before Hopkins could avoid it the crash came. The bull hit low, striking a heavy steel cross piece, and was knocked ignominiously against the fence at the side of the road. The car kept on. The only damage, except to the bull, was a broken lamp.

HOLD PROSECUTOR FOR MURDER. Killing in Illinois Town Is Outgrowth of Newspaper Attack on County Commissioner.

(BY DIRECT WIRE TO THE TIMES.) VIENNA (Ill.) Sept. 13.—(Exclusive Dispatch.) The coroner's jury in the killing last Saturday night of Harry Thacker, a young farmer, returned a verdict of murder against State Attorney Thomas Sheridan.

Young Thacker was buried yesterday in the Masonic cemetery. The funeral was largely attended.

Following an attack in Sheridan's newspaper on Harry Thacker's father, who is county commissioner, Thacker, Sr., accompanied by his son, Harry, called at Sheridan's office Saturday evening to get a cut of Thacker, Sr., when Sheridan claims Harry Thacker attacked him.

### TRAIN HITS MACHINE; THRILLING ESCAPE.

President Davis of the Alton, Jacksonville and Peoria Line is taken to St. Louis, suffering from cuts on head and shoulder—His Car Was Demolished.

(BY DIRECT WIRE TO THE TIMES.)

ST. LOUIS, Sept. 13.—(Exclusive Dispatch.) Edgar M. Davis, president of the Alton, Jacksonville and Peoria Railway, had a thrilling escape from death when his automobile was struck by a Chicago and Alton Railroad train at a crossing near Nanticoke, Ill., early this morning. He was brought to St. Louis on the train, suffering only from cuts about the head and shoulder and a bruise on the chest.

The Davis auto was hurled backward thirty feet and struck another automobile occupied by George Sleight and B. Lindsey. Davis's auto was demolished and the other was severely damaged. Neither the view of the main track nor the view of the occupants of the second auto was injured.

Davis was on the way to Alton where he expected to meet a party of stockholders for an inspection tour between Alton and Jerseyville. Mrs. Davis was to join her husband at Jerseyville.

As the auto approached the C. & A. crossing near Nanticoke, several box cars obscured the view of the main track and Davis did not see the approaching passenger train. The engine struck the auto and threw it into the roadway, where it struck the auto that was following Davis.

## WYNANTS CANVAS RESCUED.

Art Treasure, Begrimed With Filth of Centuries, Discovered in Detroit. Sold for a Song.

(BY DIRECT WIRE TO THE TIMES.) DETROIT (Mich.) Sept. 13.—(Exclusive Dispatch.) The signature "Wynants 1860" was found underneath the dirt of centuries on a canvas bought for a song in a second-hand shop here some time ago. The painting appeared in the Detroit Museum of Art today and its history was told.

It belongs to John A. Steen, an attorney and collector of antiquities. He purchased it of a woman, who had bought it because she admired the frame. It was no dirty figure being cleaned the Wynants signature is as clear as the day it was made.

## T'DORE BELL SMILES AT NEWS FROM MAINE.

### Says Eastern Victory Is Indicative of Democratic March of Triumph from Sea to Sea and Prophesies His Own Election in California.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, Sept. 13.—(Exclusive Dispatch.) Theodore Bell smiled contentedly today when he read the news from Maine of the Democratic victory there.

Mr. Bell is busily engaged in a hot campaign for the Governorship of California on the Democratic ticket, and during the past few days he has been speaking to audiences about the bay cities.

"That just shows how the wind is blowing," said Mr. Bell today as he finished reading the news from Maine. "The Democrats will sweep the country from sea to sea. The Republican party has shown its manifest unfitness for power that it has maintained through machine politics for many years."

"Here in California the Democratic party is in the strongest position it has occupied for years. The Republicans are split and angry at each other. We will win beyond question. That rainbow that is visible in Maine today will be seen dipping into the Pacific at election time."

## INSURGENTS VICTORS BEYOND EXPECTATIONS.

### Poin Dexter, for United States Senate Nomination, Has Probably Carried Every County in Washington. Revelle Evidently Beats Humphrey.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE, Sept. 13.—The insurgents' victory in the Republican State primary election has exceeded all expectations. Miles Poin Dexter of Spokane, one of the most radical of insurgents, has been nominated for United States Senator by a great plurality, which his headquarters in this city estimates at 32,000.

Incomplete returns from King county, the home of Judge Thomas Burke, Poin Dexter's principal opponent, point to a plurality of 7500 for Poin Dexter.

It is likely that Poin Dexter has carried every county in the State for all the returns thus far received indicate an insurgent avalanche.

National interest in the Washington primary was whetted by the effort which President Taft made two weeks ago, through Secretary Ballinger, to concentrate the opposition of Mr. Poin Dexter upon one regular candidate.

The President obtained the withdrawal of former Senator J. L. Wilson of Seattle, but James M. Ashton of Tacoma and Thomas Burke of Seattle insisted on remaining in the race and dividing the regular vote.

Congressman William C. Humphrey of the First or Seattle District, a national figure because of his championship of the Ship Subsidy Bill, is

## CAVALIERI CAN'T WIN

### New Turn Revealed in Case.

### Man Familiar With Antenuptial Agreement Tells of Conditions.

### Before Singer Can Get Sum From Chanlor She Must Satisfy Claims.

### That Would Take More Than Amount That Was Transferred to Her.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Sept. 13.—(Exclusive Dispatch.) The developments in the Chanler-Cavallieri imbroglio today showed that Cavallieri, instead of being richer by \$30,000 a year, as she thought she was, is out just \$60 and the board and lodging of "Sheriff Bob" since June 18, when they were married.

The \$60 is the amount the singer allowed her husband.

The provisions of the antenuptial agreement were given out tonight by Orville Cavallieri. The brother of the prima donna says that, stripped of legal verbiage, in consideration of the fulfillment of the marriage contract, Robert Winthrop Chanler transfers to Lina Cavallieri an income from various sources roughly estimated at \$30,000 a year.

The new turn to the case was revealed this afternoon by a man who is familiar with every phase of it. This man announced that the antenuptial agreement provides for the transfer of all the property of which Robert Winthrop Chanler was possessed at the time of the execution of the document, including that tied up in trust funds or entailed on his heirs.

The latter amounts to about \$100,000. But before Lina can get this amount she must satisfy claims against it amounting to \$30,000, being \$50,000 more than what was transferred to her.

## CAVALIERI DIDN'T WED FOR MONEY; SHE SAYS.

(BY DIRECT WIRE TO THE TIMES.) PARIS, Sept. 13.—(Exclusive Dispatch.) Mme. Lina Cavallieri-Chanler gave out tonight a formal interview on her marital complications. Cavallieri was smiling but plainly worried when she entered the room holding a telegram dated four days ago, which had been forwarded to her from Calcutta, where she went to recuperate. The message was in French and translated is as follows:

"No truth in reports. I have seen no one. Have begun work. Devotedly."

Cavallieri smiled triumphantly. "You see," she said, "there is no truth in it. I telegraphed him when I saw the reports. This is his answer."

"You will not sue for divorce or separation?"

"No, there is no thought of that. These rumors have been sprung from nothing. They are without any foundation."

"Will you get a share of his fortune?"

"That is an intimate question," she replied. "There has been no thought of any suit whatever."

"Has Mr. Chanler carried out his part of the marriage contract?"

Cavallieri smiled broadly at the directness of this question.

"I was told," she answered, "that he had two millions, with an income of \$100,000 a year. He has not got it. He has not anywhere near it. If he has not given what I expected, if I had been married to him, I would have chosen Robert Chanler. That you will know, I married him because I esteemed him as a gentleman."

## BROTHER OF CHANLER IS MUCH DISGUSTED.

(BY DIRECT WIRE TO THE TIMES.) WASHINGTON, Sept. 13.—(Exclusive Dispatch.) John Armstrong Chanler, as he calls himself, brother of "Sheriff Bob" Chanler, whose matrimonial troubles with Lina Cavallieri, the French songstress, are attracting general attention, today discussed the unfortunate alliance at his home near Cobham, Va., showing intense bitterness toward his entire family.

Mr. Chanler said: "Why, I foretold it when I first heard of the engagement of my former brother to the singer. I knew what the result would be, and, although I both hate and fear the former sheriff, I telegraphed him at the time to be sure to save enough of his allowance to keep him in clothes and to buy himself a lunch."

"I can say that I know Cavallieri, for I have never met her, but I know her kind. Indeed I know them too well, and I have studied her face and know every emotion that she is capable of, for they are all written there in her chin, forehead and in her hand, calculating eyes."

"When the engagement was announced I called my congratulations to Cavallieri in Paris and commended myself with warning the former sheriff, for I thought she was the one

CHINESE MEET AND PROTEST.

Want Their Children in Grammar Schools So They May Learn the Language More Rapidly.

BAKERSFIELD, Sept. 13.—At a meeting of the leading Chinese here today, it was agreed to enter a silent protest against the segregation of the Chinese in what is called the Oriental school established here yesterday. This will be accomplished, they think, by keeping their children away from the school. Their main objection against segregation is based on the loss of the advantage afforded the children through the conversations in English in the grammar school. What action the Board of Education will take is not known at present.

CRAZY WOMAN WOULD REGISTER.

SAN DIEGO, Sept. 13.—A demented woman giving her name as Mrs. F. G. Fabian, was arrested at a fashionable hotel tonight. During the day she asked for accommodations for herself and a bright seven-year-old child. As the woman acted queerly she was told she could not be accommodated. Tonight she again appeared at the hotel and demanded that she be given apartments. While the hotel clerks were busy summoning the police the woman became hysterical to such an extent that she was restrained. She told the thegnoline tank. Goodwin was Los Angeles. The child said they came to Los Angeles from Portland. The police took the woman to the County Hospital.

CONDITIONS ARE IMPROVED.

ASSOCIATED PRESS NIGHT REPORT.

SEATTLE, Sept. 13.—Dispatches from Bellingham today stated that the brush fire, which had wrought havoc in Whatcom county yesterday, were under control and that the loss was estimated at \$500,000. The fire was in logged-off lands and second growth timber, and caused more distress than any other conflagration in Western Washington this year, because of the destruction of the homes of many settlers. Perricle, Elaine and Lynden, which were in peril last night, were saved by the wind dying down.

San President Goes to Washington to Endeavor to Make Naval Organi- zation Wide in Its Scope.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.) Sept. 13.—[Exclu- sive Dispatch.] In order to promote the plan to make the Enlisted Men's Club a permanent affair at all navy yards, W. T. Minnick, hospital steward of the Navy and past president of the Enlisted Men's Club at the Puget Sound Navy Yard, has gone to Wash- ington and the Norfolk Navy Yard to confer with navy officials. Minnick was the first president of

the Enlisted Men's Club of Charle-

town, a navy yard near Boston, which is the only organization of the kind in the navy. Since the club was organized several months ago, the plan of establishing similar institutions at all navy yards has been strongly in- dorsed by President Taft and Rear- Admiral Evans.

The Enlisted Men's Club has now a membership of over 500 men of the navy and marine corps. The club is quartered at Charlestown in a large and well furnished building, which af- fords every means for recreation, rest and society.

ASSIMILATION OF INDIANS.

Washington Expert Says Red Race Will Be Practically Extinct in Another Hundred Years.

(ASSOCIATED PRESS NIGHT REPORT.) DENVER (Colo.) Sept. 13.—Within a hundred years it is likely that the Indians will be no more," asserted Fred A. Baker of Washington, D. C., at the convention of Indian superintendents here today. "They will have been as- similated by the white people," Mr. Baker continued.

"Of course there will be a few tribes in inaccessible places, who will continue in their present state but virtually all Indians will be assimilated with the Caucasians. This assimilation is go- ing on in Oklahoma among the Five Civilized tribes," Mr. Baker said, however, that the common notion that the Indians were rapidly dying was erroneous.

**EXPOSED.  
TRICKERY IS  
CONDEMNED.****Democrats' Action in Ballinger Case Rebuked.****"Worst Methods of Ward Politics," It Is Called.****Republicans Cannot Decide Because of Absentees.****(ASSOCIATED PRESS NIGHT REPORT.)**

CHICAGO, Sept. 13.—Six Republican members of the Ballinger investigating committee met here today and issued a statement condemning the action of the four Democratic members and one Republican member, who delivered a report at Minneapolis last Wednesday, demanding the retirement of Secretary Ballinger.

Those present today were Senators Nelson, Sutherland and Root, and Congressman McCall, Olmstead and Denby.

They declared the action of what they termed the "minority" at Minneapolis to have been "according to the worst methods of ward politics." The evidence in the Ballinger case was discussed, but in the absence of a quorum, they stated, no action on the case itself was possible. It was noted that Senator Nelson had authority to ask for Senator Flint, who is a member of the committee, who is in Europe. This could not be continued, but in any event, no attempt was made to use the alleged proxy. Mr. Nelson was taken subject to call as the chairman, Senator Nelson.

**STATEMENT ISSUED.**  
As the "minority" declined to attend a conference and took their departure at Minneapolis until the next meeting of Congress, it is probable that the committee will not meet until the return of Senator Flint, who is the seventh member of the committee.

Following is the statement issued: "The hearings of the committee after several months were ended in the closing days of the last session of Congress. There was no opportunity to report its findings to the House prior to the adjournment of the session. Under the circumstances, the committee is unable to report its findings."

**DEMOCRATIC TRICKERY.**  
The day of the meeting found the members widely scattered and seven of the twelve members present. The members were detained by their respective duties. Senator Root was in England, and Senator Flint was in Europe. The members of the committee who remained in the city were unable to assemble for a conference.

**COW PONIES  
PROVE BEST.****Autos for Rounding Up Cattle on Texas Ranches Are Abandoned.****(BY DIRECT WIRE TO THE TIMES.)**

GALVESTON (Tex.) Sept. 13.—After a two years' experiment with automobiles for rounding up cattle on ranches, several hundred machines are for sale cheap and the cowboys and ranchmen have returned to their faithful cow ponies. The cattle raisers in Edwards, Val Verde, Sutton, Crockett and other counties declare the machines are all right when working smooth, but usually go wrong just when most needed by running out of gasoline or slipping an eccentric.

A quorum, were powerless to act, and have adjourned subject to the call of the chairman.

The report of the committee cannot be made until December 5, when Congress meets, and the meeting called for September 5 was for the purpose of considering and discussing what the report to be made three months thereafter should be. There was, therefore, no haste or pressure for time. The action of the Democratic minority in taking temporary advantage of the delay of some members in reaching the meeting was an effort to substitute a prearranged programme for the orderly deliberations and discussions which the duty of the committee requires.

The pretended adoption of a report by a political minority, and its publication as if it were the report of a committee, exhibited a willingness to sacrifice the rights and injure the reputation of the officers investigated, in order to obtain a supposed party advantage in the pending political campaign. We cannot reconcile such course with our sense of justice and of our duty.

BREEZED INTO TOWN.**

She's on War Path Against Miss Nellie B. Van Slingerland, and Threatens Criminal Action Against Her Former Business Associate. Both Say "Real Mean" Things.

**(BY DIRECT WIRE TO THE TIMES.)**  
**NEW YORK, Sept. 13.**—[Exclusive Dispatch.] The doubtful Mrs. Ida von Clauseen, in white flannels, breezed into town today from the home of her cousin in New Brunswick, N. J., where she had been hibernating since she bowed over a few bank officials last week, and went on the warpath with a vengeance against her old friend and business associate, Miss Nellie B. Van Slingerland, who lives at No. 118 East Twenty-seventh street.

It can be stated authoritatively that the one-time friends had a serious falling out for Mrs. Von Clauseen stated what she says will end in a criminal prosecution of Miss Van Slingerland, and furthermore served in person a summons on the latter to appear before Magistrate French in an action to recover a draft for \$500.

While M. Van Slingerland talked with a reporter indoors, Mrs. Von Clauseen waited for him without. "This is terrible, terrible," said Miss Van Slingerland. "That woman can't go anywhere or do anything without having a reporter handy. I thought I should die of shame as a result of that scandal at the bank."

"Have you in your possession a draft for \$500 belonging to Mrs. Von Clauseen?" was asked.

"Yes, and I'm going to keep it for awhile. She owes me a lot of money for rent, commissions and things and I can prove it."

Mrs. Von Clauseen and her lawyer informed a reporter that they intended to press criminal proceedings against Miss Van Slingerland.

"She has \$252 in cash belonging to me, the \$500 note and the \$500 draft, and she owes me on other things," ejaculated Mrs. Von Clauseen.

"She has absolutely fallen down on our contract to get out my book, 'Forget It,' and she's got to make good now."

ATTEMPTS TO  
WRECK TRAIN.****Diamond Match Company  
Employee Accused.****Evidence Sought to Connect  
Him With Fire.****Brakeman of Narrow Gauge  
Is Under Arrest.****(BY DIRECT WIRE TO THE TIMES.)**

STIRLING CITY, Sept. 13.—[Exclusive Dispatch.] Charged with an attempted train wreck, on a complaint sworn to by Superintendent Thatcher of the Diamond Match Company Narrow Gauge Railroad, J. T. Randall, a brakeman of the road, was arrested and lodged in jail here today.

A charge of incendiarism also may be placed against him. Randall came to Stirling City recently and applied for a position as engineer. He was given a job as brakeman.

Sunday evening, after working three days, he became involved in an altercation with other employees of the line at Ramsey Bar. He tried to flag a train but the engineer refused to stop for him. This angered him and he swore to get revenge.

When the last train passed over the road last night everything was found in order. Today the track-walker found all the switches thrown wide open and stones placed on the track in several places.

He reported the facts to the officials here and the latter, during the afternoon, discovered witnesses who had seen Randall place a large stone on the track near Ramsey Bar.

Randall was also seen near a cabin which was burned and behind which was found a pile of combustible articles, and the officers are securing evidence to connect him with this crime.

Masked Men Rob Customers of Manitou, Colo., Thirst Emporium, Escape to Hills.

**(ASSOCIATED PRESS DAY REPORT.)**  
**COLORADO SPRINGS, Colo., Sept. 13.**—Three masked men raided the Carl F. Albrecht saloon at Manitou, at the foot of Pike's Peak, last night and obtained \$125 and a diamond worth \$150 from customers.

They were chased to Colorado Springs, where they boarded a northbound train, but were prevented by officers with whom they exchanged shots. The robbers then escaped toward the mountains.

**BLACK HANDERS IMPATIENT.**  
SET BOMB IN NEW YORK.

**(ASSOCIATED PRESS DAY REPORT.)**  
**NEW YORK, Sept. 13.**—After writing several threatening letters and waiting in vain for a response to their demands for \$5000, Black Handers exploded a bomb today in front of the store of Enrico Casabianca on Sixth avenue.

The explosion demolished part of the front of the five-story building. Occupants of big apartment hotels and residences of millionaires a block away were aroused.

Extensive Military Corruption Said to Have Been Unearthed in the Commissariat—Many Arrests.

**(BY DIRECT WIRE TO THE TIMES.)**  
**COPENHAGEN, Sept. 13.**—[Exclusive Dispatch.] Extensive corruption, according to advices received here, has been unearthed in the Russian military commissariat by a special committee under Senator Garin. The swindle is said to be enormous.

So many officers have been arrested that it has been found necessary to release some of them in order not to put a stop to the whole machinery of the commissariat administration. It is doubted whether the cleaning-out process will have any permanent beneficial result, as the leading officers seem to have escaped punishment and will continue in office.

**Another Great Garment Victory!****New Fall  
Suits . . . \$10**

Even under ordinary conditions new fall suits at \$10.00, in the early part of September, are unusual. Now, under the existing conditions, new fall suits that are worth much more to sell at \$10 means a value offering of the extraordinary kind.

125 of these splendid suits of serges and manish mixtures, in grays, browns, greens, blues and black. New in style, clever in workmanship, wonderful in value. Second Floor.

**New Fall Suits

Suits that are not marked \$25.00, but should be.

Made of fine French serge and the staunch, reliable, popular chevrons, in black, blue, brown, tan and gray.

They're lined with fine quality satin or peau de cygne; 32 and 34-inch coats and new model skirts, in combination; gored and pleats—\$22.50.

**New Fall Capes, September Feature . . . \$3.95**  
Black and blue Military Capes; full 50 inches long and very wide; made of kersey and broadcloth, faced with wine color; trimmed with gilt buttons. An important purchase brought these to be offered at \$3.95.

**New Fitted Silk Petticoats . . . \$5.00**  
No more bunglesome strings and bulging waist bands. A new petticoat era has dawned. See the demonstration of "Kloak" and "Ego" petticoats. Both make bare girdles. You should see silk petticoats in black and colors at \$5.00 each.

**New Fall Millinery \$10**  
Broadway millinery must first of all have that distinctive style supremacy that makes millinery so desirable. But with this must go that reasonableness of price that is a part of all Broadway merchandising.

Most millinery shops charge for a hat according to the looks—not for the value that's in it. Charm of style does not bear an additional tax here. We aim to make every hat that leaves this department a friend-winning value.

"Virginia Krauss," called Police Judge Williams yesterday afternoon, had been with the man who shot at him.

He had to call the name a second and a third time before the little woman understood that she was being arraigned on a charge which, if proved, may send her to the penitentiary. Mrs. Krauss, arrested for shooting Frank H. Griffith in his office in the county building, was informed that she was charged with assault with a deadly weapon, with intent to murder; that this was an arraignment and not a trial; that she was entitled to

She was booked on a charge of simple assault when it was evident that she had not been charged with the murder. She was released on a \$10,000 bond. She was arrested again on October 4, 1968, and charged with the murder of the same man. She was released on a \$10,000 bond.

The usual throng of police court defendants and witnesses was lined up on the benches of Police Judge Williams' court yesterday at 2 o'clock for the hour set for the arraignment of Mrs. Krauss. There were a few of

drivers against the traffic ordinances  
brewery drivers who had left their  
gons too far out in the street; oth  
who had cut the corners on the  
long sides; a woman charged with  
being drunk, and one or two petty

A whistle sounded at the far end o

standing outside the grated iron door  
side, a slight little woman, who

The shooting took place Friday night at Samura's office, No. 31 East First street, where Tablada protested against editorial attacks. He says the press passed uncomfortably close to

From Oil Fields.

The State Mining Bureau has just issued a bulletin showing the quantity and value of California's mineral products, from which a comparison is made of the oil and gold production. The value of the oil, which for years has been the most important factor in the state's production, is now relegated to the second place.

The value of oil produced in California in 1909 was \$22,358,187, but the value of the gold for that year has not yet been computed. The value of the oil production since the year 1907 has greatly exceeded that of gold. In 1908 the gold output of the State was \$10,000,000, but the value of the oil output, in 1908, was \$22,358,187.

The value of the gold produced in California during the past twenty-two years was \$22,358,187. This does not include the value of the gold produced in 1909. The value of the oil produced in the State since 1887, including the year 1909, is \$22,358,187. The value of the oil produced in California since 1887 is \$22,358,187.

Babies Suffer From  
Summer Skin TroublesImmediately Benefited by Poslam,  
Which Soothes, Cools and Heals.

Mothers and those having the care of infants and young children which are chafed and irritated by skin eruptions and rashes will appreciate the cooling, soothing and healing properties of poslam, particularly during the heated term, when these disorders are the principal cause of fretting and ill humor. Poslam contains nothing which can in any way injure the most delicate skin and may unhesitatingly be used in all cases. "My little boy had eczema on his head in the most dreadful form for three summers. We spent dollars on various medicines to no effect. After trying samples of poslam I saw an improvement, and in a short while his head was entirely healed," writes Mrs. W. E. Hunt, Kingstree, S. C.

In all skin troubles poslam produces immediately noticeable results, stopping all itching and rapidly restoring the skin to normal condition. A special 50c package of poslam is prepared for minor uses, and this, as well as the regular \$2 jar, is on sale by all druggists, particularly The Owl Drug Co.'s stores.

But so one asked to purchase poslam without first obtaining a sample package, which will be sent by mail, free of charge, upon request, by the Emergency Laboratories, 32 West 25th St., New York City.

of 700 feet, and expects to bring its fourth well in very soon.

In addition to extensive drilling operations, the Melwood is improving its property to bring the cost of production down to the minimum. It has just installed a set of 140-horse power boilers to supply drilling and pumping power for the different wells on the Kern River property and on the turn of Secretary W. L. Twining, who is in Chicago, it will install new pumps, the invention of a local man, by which it expects to further decrease operating expenses—as well as increase the production from present wells by one-third.

The Melwood is a local company whose organization is rather unique in that its officers are paid no salaries and it has no drilling expenses. All its wells are being put down by contract and paid for in stock in the company. The wisdom of this course is shown in the rapidly with which producing wells are brought in by the contractor.

Its properties are surrounded on all sides by producing wells. The Ojai Valley Petroleum Company is to the west, with ten wells, while on its eastern side line the Consolidated Midway, which recently brought in one of the giant gushers of the Midway field, has several valuable wells. The Melwood has contracts covering twenty producing wells, all to be brought in during the next fifteen months. The officials are well-known local capitalists.

**PRODUCING COMPANIES.**  
WHAT THEY ARE DOING.

The American Oilfields Company, which began drilling operations in the Midway field only last March, is now credited with the largest daily production of petroleum of any company in the State. The first dividend will be paid in October, just seven months after the company started to drill its wells. It has several real gushers to its credit.

The company recently closed a contract with a Los Angeles concern for eight 55,000-barrel steel tanks in the Midway, two of which have been completed and one to be completed every ten days hereafter under a forfeiture.

Officials of the Consolidated Midway Oil Company claim that they can produce more oil than any other company in the State when they decide to let their big gusher, now under control, do a Lakeview marathon. When turned loose, this well produces over 200 barrels of oil an hour.

Here are some figures on the production of different companies recently published in the Oil City Derrick:

"The Associated Oil Company has nine rigs completed and is drilling nine wells; they produce 128,000 barrels a month. The Eagle Oil Company is drilling two; Eagle Creek Oil Company has 12,000 barrels production from two wells; Honolulu Consolidated is drilling six wells; Mays Oil Company, section 30, produced 25,000 barrels during the past month; Mascott Oil Company produced 75,000 barrels from twenty-three wells during July; they are drilling two; North American Oil Company produced 15,000 barrels from eight wells; Wilbert Oil Company, 25,000 barrels from six wells; Tightwad, 15,000 barrels from three wells; Section Twenty-five, 25,000 barrels from eleven wells; Pierpont, 12,000 barrels from four wells; Paraffine, 18,000 barrels from five wells; Traders, 11,000 barrels from three wells; Knob Hill, 10,000 barrels from two wells; Paula, 25,000 barrels from two wells; Cheney & Stinson, 9,000 barrels from eight wells; Petroleum, 8,000 barrels from five wells; from eight wells; Amazon, 12,000 barrels from five wells; Alpine, 7,000 barrels from three wells; United, 25,000 barrels from four wells; Standard Oil Company, 75,000 barrels from fourteen wells; they have thirty-one drilling wells; C. C. M. Oil Company has twenty-eight drilling and a production of 100,000 barrels per month.

During the past thirty-one days the Orange Oil Company well No. 2, in the Fullerton field, has produced 27,415 barrels of 24.6 degree oil. This oil has been sold at a rate of 66 9-10 cents a barrel. No. 1, which has been producing 100 barrels a day, will be cleaned out and sunk deep. No. 3 is drilling and is 245 feet deep, with showing for a good well.

**Has Oil Stored.**  
The Cleveland Oil Company received a statement from its superintendent yesterday stating that it has 9000 barrels of oil stored, and will have a larger production from now on, owing to the coming in of well No. 2, which is producing about sixty barrels per day. The Cleveland refinery will be rebuilt in about three weeks time, and samples of oil will be storage when it resumes operations. The company's management is doing good work; the wells are kept well cleaned out, and are producing more oil than ever before.

**INDIANS ARE SHOOTING SHEEP.**  
OLANCHIA, Sept. 13.—Thousands of mountain sheep are ranging the Sierrita and Owens Lake and Lloyd Meadows and it is claimed they have been numerous this year than they have been for a decade. In all probability the rigid enforcement of the game laws, which forbids their slaughter, is responsible for the increase in the size of the herds.

Numbers of the animals are being shot by the Indians, who have notably a supreme contempt for State game laws.

A. C. McClurg and Co., Chicago, are showing their entire wholesale line of holiday goods at No. 726 South Spring street, consisting of books, games, toys, dolls, etc., and are having a big sale on everything to make it a complete stock. Write your while to see it. Charles E. Vroman is in charge.

Officials of Porterville Plan to Finish Some Fine Boulevards—Public Schools Opened.

**PORTERVILLE, Sept. 13.**—Supervisor Horbach for the First District, of which Porterville is the center, will ask that a special tax be voted upon this fall to raise the sum of \$20,000 for the betterment of the roads leading to this city and Lindsay. According to the plans as they have been outlined, \$10,000 is to be expended in the purchase of eight steel, self-dump wagons with a combined traction engine and road roller. It is figured that with this outfit in connection with the power loaders already in use that thirty-two yards of gravel can be laid at once, at a total expense of \$20 per day. To do the same work with teams would cost \$90 per day, so that the power outfit would pay for itself in a single season. The remaining \$10,000 will be used for the purpose of oil and incidental expense. This season more than forty miles of roads have been graded and oiled, twenty-nine carloads of heavy asphaltic oil being used in the work.

At the meeting of the City Trustees held last night, contracts were let to a Fresno concern for the grading and paving of one mile of Putnam avenue, running through the residence district, with the very best grade of asphalt-concrete paving. This paving is to cost 25 cents per foot and is calculated to withstand the heaviest kind of hauling. Petitions are also being prepared addressed to the Council and asking that the Council take steps to save Mill street and Cleveland street under the terms of the Vrooman act. Records were broken at the Chamber of Commerce during the past ten days when inquiries were received from twenty different States, and from England, Scotland, Ireland, Canada, Australia and the Philippines. Some months ago a sort of endless chain letter scheme was put into operation and it has been found quite the most satisfactory system yet devised by the publicity workers.

W. W. Hughes, defeated for the Republican nomination for Justice of the Peace in the election held last night, was the choice of the prohibitionists by reason of his name having been written in upon one ballot. He was defeated at the primary. The Clerk, E. L. Scott, has ruled in this and other similar cases that he has no choice in the matter and that all those who received nominations, no matter what party, must have their names printed upon the ballots.

Schools opened yesterday with a remarkable increase in the numbers of pupils, both in the grammar grades and in the High School department. About 550 pupils enrolled in the grammar and primary grades, showing an increase of about 20 per cent. over last year. As the vaccination law is being strictly enforced and as a large number of the pupils were unable to produce vaccination certificates, quite a number more will be enrolled within the next few days. In the High School department there is a total enrollment of 182 scholars, as against eighty-eight enrolled in the fall of 1909, an increase of 106 per cent. In spite of the fact that numerous additions were made to the equipment of

## EVENTS IN LOCAL SOCIETY.

**DR. AND MRS. A. J. FRALEIGH** have returned from their trip along the Coast and departed for their future home in Toronto. Mrs. Fraleigh was formerly Miss Frances Thompson, only daughter of Dr. and Mrs. S. A. Thompson, the former being superintendent of missions, which position he has held for twenty years. Mrs. Fraleigh was a popular student of the University of Southern California and a winner of the "Lottie Lane Memorial" medal. The wedding is the culmination of a romance begun a year ago while Miss Thompson and her mother were traveling in Canada. She is a sister of A. P.

**Dr. and Mrs. A. J. Fraleigh**, the former Miss Frances Thompson, who have returned from their honeymoon trip along the Coast and have departed for their future home in Toronto, Canada.

Thompson, a young attorney of this city, a charter member of the Alpha Phi Sorority of the U.S.C.

**Back From the Lake.**  
Mr. and Mrs. Joseph Zemansky and their cousin, Miss Rae Morris, of No. 88 Arapahoe street, have returned from a summer's visit at Lake Tahoe.

**Dinner for Ten.**  
Mr. and Mrs. Lew W. Stanley, of No. 1107 Santee street, charmingly entertained with a dinner party at a farewell courtesy to their cousin, Mr. and Mrs. Fred Krusick, of Gridley, who are their house guests. A cut glass bowl filled with China asters brightened the table, and about the home white blossoms and ferns were combined. Covers were laid for Mr. and Mrs. Joseph Krusick of Gridley, Mr. and Mrs. Jacob Williams, Mrs. Marc Bents and Miss Jennie Williams.

**Miscellaneous Shower.**  
A delightful miscellaneous shower was given by the Misses Rae Strong and Ida Lawrence at the home of the former, No. 688 South Vermont avenue, in compliment to Miss Pannie Marlin, whose engagement to Charles Battle of Yuma, has been announced.

Miss Marlin's presents were concealed in a wishing well and were drawn up in buckets festooned with ribbon streamers. The guests who enjoyed the merry time were: Mrs. C. E. Doffmeyer, Mrs. Edward Weston, Mrs. Arthur Cardwell, Mrs. Park Hyde, Mrs. Alfred Dove, Mrs. Ross Boyd, Mrs. C. F. Quillian, Mrs. Robert Allen, Mrs. E. E. Davis, Mrs. Clarence Virgil, Mrs. George Friedgen, Mrs. Donald Faltis, Mrs. Charles McCulley, Mrs. Ross Anderson, Miss Laura Cadmus, Miss Cora Rieg, Miss Elsie Rieg, Miss Florence Spiecher, Miss Maud Spiecher, Miss Lillian Reedy, Miss Sarah Beatty, Miss Anna Farish, Miss Hazel Hyde, Miss Eleanor Wagner, Miss Blanche Dalrymple, Miss Anna McMahon, Miss Lella Torrey, Miss Penny Jaden, Miss Carrie Haden, Miss Amelia Haden, Miss Mabel Fowler, Miss Nell Chase, Miss Laura Chase, Miss Cheek, Miss Blanche Brown, Miss Bertha Berens, Miss Mabel Watson, Miss Myrtle Webster and Miss Lucile Locke.

**Mr. Brown to Entertain.**  
Mrs. J. C. Brown, one of the most charming of the young matrons, will entertain at her Westlake home today with a bridge luncheon. This is the first of a series of affairs to be given by the fair entertainer, and the Saturday will be the date of the second. Pink and green are the color tones chosen in decorating.

**To Be Gone a Year.**  
Mrs. Freeman G. Tash, Mrs. C. W. Pendleton and Miss Pendleton will leave next week for New York, from which city they will later sail for a year's visit abroad.

**Eastern Trip.**  
Harry Magill, of this city, left yesterday for a trip East.

**Wedding Anniversary.**  
Mr. and Mrs. E. D. Jones, of No. 88 North Ditman street, were the guests recently at a surprise party

celebration of their forty-second wedding anniversary.

**Home Again.**  
Rev. and Mrs. H. W. White with their two sons, Horace and Reginald, have returned from a trip to the island where they passed the summer.

**Outing Ends.**  
Mrs. W. F. Arend and her attractive young daughter, Miss Gladys, who have been enjoying a summer's outing at Catalina, will return to their home at No. 1944 Albany street, today.

**House Party.**  
Misses Ollie and Anna Held are staying a week in the city as guests of Misses Mildred and Ann Hellen, before returning to San Francisco after a month's stay at Coronado. Among the affairs given in their honor was a week-end house party at Carle's Camp, Mrs. Hellen chaperoning. Those present were: The Misses Anna Held, Ollie Held, Gladys MacMurray, Hazel Bradley, Jennie Wolfer, Ruby Cane, Althea Bird, Nell Simpson, Ann Hellen, and Messrs. Karl Muck, Wellington Groves of San Diego, George Hoffman, Ted Howell, Verna Holmes, Earl Malers, Jimmie Davies, Eric Barclay and Jack Roberts.

**Home From Seminary.**  
Miss Florida Damron of No. 1065 West Thirty-first street, returned recently from Nashville, where she attended the Ward Seminary for girls. With her brother, Lloyd Damron, she made a tour of the East before coming home.

**Return From Tour.**  
P. G. Gates, Miss Valma J. Gates, Miss Corneilia Gates, of No. 330 Monterey road, Pasadena; Mrs. Mary G. Parsons, Miss Jessie Parsons, Miss Nellie Parsons, Miss Corneilia Parsons, Mrs. C. W. Christian, Miss Neely Dickson, Miss Louise Dickson, Miss Bertha E. Foster, Miss Lela Glascock, Miss Haiden Glascock, Miss Yeda Toichard and Miss J. Williamson have returned from an extended tour round the world, and are very enthusiastic regarding their tour.

The following named persons from Los Angeles left last evening for a tour around the world: Mrs. Mary Norris, Mrs. L. A. Swope, Mr. and Mrs. Whitman, Mr. and Mrs. Archibald Burns and maid, Mr. and Mrs. J. H. McConnell, Dr. and Mrs. James Beck, Prof. Samuel T. Black, Miss Pauline Black, Miss M. D. The party will visit Honolulu, Japan, China, Korea, India, Ceylon and Egypt, after which an extended tour will be made through Europe.

**Elephants Play Tunes.**  
Unique Performance by Big Herd at the Circus is Novelty in Animal Acts.

A herd of elephants playing real music on brass band instruments is one of the surprises of the Barnum and Bailey Circus which opens next Tuesday in Los Angeles. The repertoire comprises a half dozen old songs that everybody knows. They play "Home Sweet Home" for an encore and a big march number with real gingers. The drummer uses his tail instead of the conventional buckskin stick. They march around the arena with the regular and precise step of soldiers. A chorus of graceful young women works in conjunction with the elephants.

Another trained animal specialty that is making a strong appeal is presented by a company of Hungarian stallions trained to perform. Europe calls it the greatest horse act in the world. They form brigades, prouettes and execute all the intricate figures of a long-drawn opera chorus. At the conclusion of this the ring is set like a stage to represent a roadside inn.

A big white animal is the landlady. Another horse arrives for supper and a night's lodging. The tavern keeper is a small white animal. The landlady has recourse once too often to a big black bottle and goes to sleep in his chair. The landlady wakes him up and helps him into his bed. Morning comes and Miss Host rings the breakfast bell. But the guest refuses to get up. The landlady then takes him by the ear and drags him out. The boarder starts a row and a third horse, dressed as a country constable, arrests the disturber.

Many other novelties are offered from among the highest-priced artists in the world.

Maennerchor Fidelia Celebrates With Banquet in Honor of Victory at San Francisco.

Hoch der Maennerchor Fidelia: In commemoration of the notable victory of the Los Angeles choral society of that name at San Francisco last week, nearly 100 members of the organization gathered at the Louvre Cafe, No. 210 South Spring street, for a jolly banquet last night. The winning of the Radke cup, in melodious competition with six other choral societies that make up the Pacific Seaside Choral Union, was the immediate cause of the celebration. Men and women alike joined lustily in the jolly old German songs that characterized the courses of a dainty and elaborate menu.

The twenty-seven members of the winning chorus were present in force, and under the leadership of Director R. C. Hagen, they rendered frequent selections, impromptu and otherwise. Filled with sparkling champagne, the Southern California's best, the trophy, a massive loving cup of sterling silver, was passed around and every member of the choir took his appreciation of the efforts of the winners.

At one end of the room hung the great banner of the Los Angeles choral society, and a decoration supplemented by huge Apollo's harps scattered here and there on the tables.

In addition to a celebration, the banquet was the initial step toward the bringing to Los Angeles of the great Siegerfest of 1911 in which choral societies from all parts of the country are to compete.

The lastmaster last night was Joseph Blust, founder of the society, honorary president and president of the Southern California Seaside Choral Union, and president of the President Carl Schoen, Director Hagen and Dr. Curt Dietrich.

## SILLY, BUT YOU HAVE TO LAUGH.

"SEVEN DAYS" A COMEDY FULL OF AMIABLE HORSE PLAY.

Full of Delightfully Impossible Possibilities, This Farce Serves the Purpose of Entertaining in a Large Degree—Minor News Mention of Things Theatrical.

It's silly, but you have to laugh. "Seven Days" is one of the inherent brilliant farces, of the old "Charley's Aunt" order, but it is checked so full of delightfully probable improbability, it contains such ludicrously real unreal people, and it has such a bewildering succession of entirely plausible yet never-could-be incident that it is, altogether, one of the most uproarious amusements the native stage has seen in many seasons.

The plot of the horribly inappropriate house party, still further detained by an enforced quarantine amounting to seven days duration, is the centrifugal pivot of ferocious humor about which this matrimonial muddle revolves.

An amiable New York gentleman suffers amputation at a Reno simply because his wife considered him too fat.

A twelvemonth thereafter, entertaining a small company of select friends, his aunt from out-of-town arrives most unexpectedly. She has never been at his home, and supposes him happily married. As his entire financial supplies blow from this direction he is eminently interested in keeping her deceived. A young woman of the company is unwillingly pressed into service suspected of small pox and the place as wife for an hour or two.

Meanwhile a servant is carried out, is put under quarantine—but not before the real wife has happened in, the husband's sister, who, in the confusion, has added herself to the assemblage, a policeman has overslept in the kitchen, and a burglar has hidden surreptitiously in the chimney.

Impossible? Certainly. But it's immensely funny when all this cranking machinery of complication, plot and counter-plot gets going.

There's action every minute, from the psychic vagaries of pretty Mrs. Brown, who suffers from a strong cocktail and its spirit-slighting hangover, to the loudly squeaking shoes of the Celtic policeman, "soft" footing it after the burglar.

You don't care much for the company in the first act, but after that they grow on you. Perhaps it's because "the stuff" is there, in the farcical and they can't fall down. Perhaps it's because they act pretty well after all.

The fact James Wilson is given an enlarged portrait of a famous Beattie, who is not so awfully fat, even if he can't touch his toes without bending his knees.

Clara Weidman, a former Angeleno, is seen as Anne Brown of the esoteric Martini route, and saturates the role in her home town, and the fact that the men save their cheeks for the women stood up for their principles.

Needles Embalmer is Alleged to Have Robbed Corpse Entrusted to His Care.

Charged with stealing \$355 from a body that had been turned over to him to be embalmed, Albert H. Pfifer of Needles, was arrested by Deputy Sheriff J. C. West of that place, and Detective P. H. Murray of Los Angeles at Ocean Park yesterday afternoon while bathing in the surf.

Deputy Sheriff West started back to Needles with his prisoner last night, but before leaving stated that Pfifer had confessed to taking the money and had returned \$200 of it.

The officers had been looking for Pfifer since September 3. The chief agent at Needles remembered seeing the man a ticket to Los Angeles and reference to hotel registers here showed where he was staying.

Los Angeles police then wired the Sheriff at Needles and the deputy was sent here with a warrant for Pfifer's arrest.

As told by Detective Murray, S. C. Winchell, a Philadelphian, was stricken and died on the train east of Needles. When the train reached the latter place, the remains were sent to the undertaking establishment of D. B. Metcalf. Pfifer was employed as an embalmer by Metcalf, and detailed to prepare Winchell's remains for shipment back to Philadelphia. In removing the man's wearing apparel, Pfifer is said to have found the money belt and to have taken the contents.

## WELLBORN DECISION.

(Continued From First Page.)

either the State or Federal constitution and that the franchise of the water company is not exclusive against the city. The constitutional provision is no different so far as lighting companies are concerned and the same construction should obtain. The decision of Judge Wellborn will add great strength to the cause of the city in behalf of the people.

**IMPERIAL ATTORNEY JOYFUL.**  
City Attorney George H. P. Shaw came from Imperial Valley in a very serious frame of mind several days ago to hear the decision in the Madera water case. He was feeling in a much more joyful frame of mind yesterday on account of the decision.

"This is practically decisive in the case of the Imperial Light, Water and Power Company vs. the City of Imperial now pending in the same court where the same contention was made, namely, that a municipality had no right to construct a municipal water system where there was a private system in operation," said Attorney Shaw.

"This is a very important and far-reaching decision, not only here but in San Francisco where the Hetch-Hetchy fight is being made over exactly the same contention. The two suits were brought, the first against the City of Madera and the second against the City of Imperial, presumably as test cases and because both parties were comparatively small corporations.

"With the Madera case decided as it has been, the main question in the Imperial case is also decided and the citizens of Imperial feel confident of the outcome of their suit before Judge Wellborn."

**TAKE KINDLY TO IT.**  
Suffragette Pleased With Attitude of Men Toward Question at Republican Convention.

Mrs. Cora Lewis of No. 2232 West Twenty-eighth street, who returned yesterday from the State Republican Convention at San Francisco, tells of an interesting trip and is very enthusiastic over the way the question of woman's suffrage was received by the men of the convention.

She says that at first the women of San Francisco were not alive to their opportunities, but at the exhortation of some Los Angeles workers, including Miss Frances Wilson, and there was quite a change in the attitude of the northerners before the close of the meetings.

Mrs. Lewis said last night that she was agreeably surprised to see women that she did not know were interested in the cause, such as Mrs. Taft of Santa Monica, whose husband was one of the delegates to the convention.

Mrs. Taft is a well-known civic worker in her home town and she thought they have quite an addition in the conversion of such women.

Mrs. Lewis was also quite elated because of the fact that the women stood up for their principles.

## NEW STATE. BUILDING NEW PHONE SYSTEM.

Arizona and California to Be  
Twice Connected.

Phoenix Traction Routes Are  
Being Extended.

Work on Big Dam Road Is  
Being Pushed.

SPECIAL CORRESPONDENCE OF THE TIMES.

PHOENIX (Ariz.) Sept. 13.—Two telephone lines will soon connect Arizona and California. The Consolidated Telephone Company, operating the Bell system, is gathering material for a line along the Southern Pacific from Tucson to Yuma, where connection will be made with lines now operating in the Imperial Valley. The second line is to be built by the Arizona Overland Telephone Company from Phoenix along the Arizona and California Railroad to Yuma and thence through the Blythe country to the Imperial Valley, there connecting with the United States Telephone Company, which will build along the line of the San Joaquin River from San Diego. There will be four trunks as far as Parker and two west of that point.

Arrangement has been made for sending \$125,000 in additions to the Phoenix Street Railway lines, which are mainly owned by Gen. M. H. Sherman of Los Angeles. The most important work will be the extension of the main line from Phoenix to Glendale through parts of the city, thence to the north and northwest of Phoenix, with eleven miles of added track.

Another addition will be a road north of Second avenue into the northwest part of the city, thence to the north and northwest of Phoenix, with eleven miles of added track. Another addition will be a road north of Second avenue into the northwest part of the city, thence to the north and northwest of Phoenix, with eleven miles of added track.

COMPLETING DAM ROAD.  
November 1 will be completed the roadway over the top of the Roosevelt dam, flanked by five-foot stone buttresses that will add that much of light to the face presented by the dam to the floods that will need to be diverted through the spillways. Most of the work of late has been the building of the arches across the spillways on either side of the dam. At present all traffic into Tucson is handled by the street cars from Roosevelt. With the completion of the roadway over the dam, traffic can be inaugurated on a magnificent road, not only by government engineers along the eastern slopes of the mountain, but also by the western side of the Tucson Creek Valley.

Two battalions of eight companies, with 400 men and forty officers, of the national guard of Arizona, will leave Phoenix next Thursday morning for the coast military camp at Alcatraz.

Plans are being made for the establishment in Phoenix of a college of the Methodist Episcopal Church South. The buildings to cost about \$100,000, a charge of the project is Rev. J. E. Hutchins, presiding elder in Arizona.

OTHER ARIZONA NEWS NOTES.  
It is probable that the tangled affairs of the Bank of Florence, at Florence, Pinal county, will be straightened out within a week, as it is reported that the Valley Bank of Phoenix will take over management of the institution and will guarantee its depositors against possibility of loss. Application made by Atty.-Gen. Wright for a receiver for the bank has been denied by Judge Campbell at Tucson on the ground that the bank has no assets and jurisdiction over such a matter is not within the jurisdiction of the court.

In the meantime the bank remains in the hands of Territorial Auditor Foster. The bank is said to be solvent, having recently received \$25,000 in cash.

Stella Snell, one of the half world, died in the Sisters' Hospital in Phoenix. Consumption, which had developed rapidly during the few months of her residence in Phoenix, caused her death. Penalties, who was supported by the generosity of the women of her home. Her husband, who was a well-known man, died in Phoenix. She was married in Chicago by an Italian inventor, who represented himself as a man of fortune. She was a widow, and her family being closely connected with that of the Illinois millionaire of property. Her body has been claimed for family and will be buried in Chicago beside that of her mother.

RAILROAD BUILDING.

CONCESSION IN MEXICO.

SPECIAL CORRESPONDENCE OF THE TIMES.

DOUGLAS (Ariz.) Sept. 13.—A man lately arrived from El Paso, authority for the statement that Pearson syndicate at last has started active construction work upon the road to Douglas and Cananea. The road, which was the hope of the Mexican people, has been completed. The road will pass through Agua Prieta, a Mexican suburb of Douglas, and will connect with the Naco and Cananea Railroad at or near El Paso.

It is now reported that 200 men are working on the grade, westward from Douglas. The line of the Santa Fe Railroad, with 12 miles, and the fifteen miles of the Naco and Cananea Railroad, will be completed. The road will pass through Agua Prieta, a Mexican suburb of Douglas, and will connect with the Naco and Cananea Railroad at or near El Paso.

## How to Get Rid of Catarrh

A Simple, Safe, Reliable Way, and It Costs Nothing to Try.

Those who suffer from catarrh know its misery. There is no need of this suffering. You can get rid of it by a simple, safe, inexpensive, home treatment discovered by Dr. Blosser, who, for over thirty-six years, has been treating catarrh successfully. His treatment is unlike any other. It is not a spray, douche, salve, cream, or inhaler, but it is a more direct and thorough treatment than any of these. It cleans out the head, nose, throat and lungs so that you can again breathe freely and sleep without that stopped-up feeling that all catarrh sufferers have. It heals the diseased mucous membrane and arrests the foul discharge, so that you will not be constantly blowing your nose and spitting, and at the same time it does not poison the system and ruin the stomach, as internal medicines do. If you want to test this treatment without cost, send your address to Dr. J. W. Blosser, 526 Walton street, Atlanta, Ga., and he will send you by return mail enough of the medicine to satisfy you that it is all he claims for it as a remedy for catarrh, whether it be catarrh of the head, nose, throat, asthma, bronchitis, colds and all catarrhal complications. He will also send you free an illustrated booklet. Write him immediately.

and who had been pursued by a number of youngsters till overtaken near the Y.M.C.A. building. McKay finally halted the quarry by production of an ancient, broken and unloaded revolver, with which he threatened to shoot. Ybarra already has started upon a thirty-day sentence for crime.

The Copper City Brewing Company of Douglas has been sued by the Anheuser-Busch Brewing Company of St. Louis for \$10,000 damages for alleged infringement of the Anheuser trademark. The local brewery has a brand of beer known as "Tanhauser."

LONE HERMIT ENDS HIS LIFE.

After Living in Solitude for Months He Blows Out His Brains With Gun.

FARMERSVILLE, Sept. 13.—George Langford, for many years a resident of Porterville, where he was the owner of a large amount of property, committed suicide yesterday morning at 8 o'clock by shooting a bullet into the side of his head with a 22 caliber revolver. Langford moved to this place from Porterville three months ago and bought a tumble-down house in which he lived and from which he never entered except to visit the general store across the way, where he purchased his supplies. Yesterday morning, passing by on the street, he heard the sound of a shot and running into the cabin found the body lying across the bed, with a bullet hole in his head and the blood streaming over his face.

Langford's weapon was one which he had made himself and was a crude affair, although it served its purpose. His effects were found in a small box, in which were receipts purporting to be the favorites of prominent people throughout the United States.

BACK BROKEN BUT MAY LIVE.

Ranchman in San Joaquin Valley Furnishes a Case Without Parallel in History of Surgery.

LATON, Sept. 13.—To have his back broken by his saddle horse falling upon him and to be still alive with prospect of recovery, is the strange fate of W. J. Dashedfield, owner of a ranch near this city. Dashedfield was out in his fields rounding up a bunch of cattle, riding a spirited horse. The animal stepped into a gopher hole and threw Dashedfield over its head as it stumbled. Dashedfield landed in a sitting position and the horse almost turning a somersault alighted upon him. Dashedfield's spinal column was broken at the fifth vertebra. In spite of his terrible injury, Dashedfield was able to crawl for half a mile back to his home. He was taken to a local sanatorium, a consultation of doctors held, after an X-ray photograph was taken and he was considered possible to save Dashedfield's life. A delicate operation will be undertaken. The splinters of the bone are to be removed and the contents of the vertebrae are to be wired together. It is stated that the case is almost without parallel in the history of surgery.

TO DEMONSTRATE A DISCOVERY.

CORCORAN, Sept. 13.—W. J. Wayne, formerly the head chemist of the Pacific Sugar Works, which formerly was in operation here manufacturing beet sugar, claims to have invented a new and commercially successful process of making a neutral syrup from grapes or raisins. The syrup is said to be particularly palatable and of a beautiful appearance. Grape syrup has been manufactured in small quantities at various times throughout California, but the product has been unsatisfactory and rather too expensive to insure its general use. Wayne has submitted samples of his products to wholesale grocers and has orders for 20,000 gallons, conditioned upon the product being equal to the commercial sample. Considerable of the machinery of the now defunct sugar factory can be used to turn out the product and Wayne has a lease upon the works and will start operations using the cheaper grades of raisins. It is claimed that the process is equally satisfactory with either the dried or the fresh fruit.

TWO VENETIAN CELEBRATIONS.

VENICE, Sept. 13.—The Los Angeles Chamber of Commerce will enjoy an all-day outing at this beach next Saturday. Several hundred are expected to be present. The members bring their wives and families for a day of rest and recreation by the sea. The celebration Sunday will be the centennial anniversary of the attainment of Mexican independence. A program will be given under the auspices of the Vaquero Club of Southern California. Another celebration that is being arranged for the near future is the observance of Japanese day. This has been scheduled for September 23. The entertainment on that occasion will be provided by the Japanese and will consist of wrestling, fencing and such other games as are popular among the men of that race.

SAWTELLE TO CELEBRATE.

SAWTELLE, Sept. 13.—The residents of this city have decided to observe September 22 as Sawtelle day. It will be made a holiday as nearly as can be done, and the entire day will be given over to entertainment and amusement. There will be an all-day picnic in Glendale Park, with music and speaking as the main features of the day. There will be a picnic dinner on the lawn at the noon hour. Visitors will be invited from near-by cities and business will be suspended for the day.
